 Gross price for 1 pc.: **34,60 EUR**
 Quantity in package: **5**
 Net price: **140,64 EUR**
 Gross price: **172,99 EUR**

Illuminated glass numbers.

Glass plates are ground and chamfered at the edges, which improves their appearance and makes the light retain better on engraved surfaces. The backlight is provided by micro LED diodes located in an aesthetically made steel holder. This steel is brushed so that it is less dirty. The token is perfectly visible during the day, but only at night thanks to the multi-color backlight (backlight color to choose from) is not only noticeable from a distance, but also looks like a lamp / ornament. These numbers look great on wood and single-color surfaces.

Adding a second layer of black glass + 15% to the basic price. During installation, remember to connect it to a power source.

The steel profile can be mounted on the top or bottom of the engraved glass plate.

The leds can be of any color:

Shining - warm white, cold white, blue, red, green, yellow.

Sizes: 15cm x 15cm

Please enter the numbering or specify the type of pictogram (the symbol or pictogram can be made in this system). After placing the order, we send the design for approval.
