LED digits flashing on the plate. The room number plate measures 200 x 200 mm

The plate is made of matt black acrylic combined with white gloss plexiglass.

The LED number in the form of a box with the room number cut out through it is a very elegant and modern form.

As standard, the number shines in cold white, but on request we can install the following colors:

LED number in cold white color Number lit with LEDs in warm white color The number is illuminated with blue leds The number is illuminated with red LED diodes The number is illuminated with green LEDs Please provide the numbering or specify the type of pictogram (the symbol, pictogram can be made in this system). After placing the order, we send the project for approval.
