Elegant brass plaques for donors.

The plaques can be engraved or with cast graphics.

The plaques can be polished to a high gloss, matte finish, or patinated to an antique gold finish.

Each plaque requires both mechanical and manual processing, as well as stove lacquering. This makes the production process very long and time-consuming. However, the final visual effect distinguishes these plaques from plastic plaques and highlights the value and significance of the entire project. Example price in the box ("BUDYNEK ZREALIZOWANY" plaque) for a plaque measuring approximately 400 x 300 mm made of brass with engraved graphics - polished brass with a glossy finish or a subdued matte finish. This is the most cost-effective option.

The most common dimensions are: 40 x 30 cm, 60 x 40 cm, 80 x 60 cm.

For example, the most expensive version:

Plaque (SALUS REI PUBLICAE 1468-2018) measuring 800 x 600 mm - brass. Patinated, with a raised cast graphic: price PLN 18,500 net. We manufactured and installed it in Piotrków Trybunalski on behalf of the Chancellor of the President of the Republic of Poland.
