

Separator, limiter, parking bumper

Net price for 1 pc.: **250,00 PLN**

Gross price for 1 pc.: **307,50 PLN**

Quantity in package: **5**

Net price: **1 250,00 PLN**

Gross price: **1 537,50 PLN**

Separators, bumpers and parking delimiters are designed to control and regulate the correct parking of vehicles.

The separators are recycled, black and have white or yellow reflectors.

Once installed, the limiters should prevent crossing the parking line.

We install parking dividers at the front of the parking space and on the sides of the parking lines, which allows us to control the even parking of vehicles.

Parking stops have the following dimensions:

Length: 1820 mm

Width: 152 mm

Height: 102 mm

Weight: 17 kg.
