664 / 5 000 Engraved descriptive plates Brushed Metalex imitates stainless steel or brass. Unlike these noble materials, it does not corrode / rust, does not tarnish, does not oxidize over a short period of use. This material is resistant to weather conditions and visually does not differ from steel or brass. We have many colors of this material - red, white, black, yellow, brushed silver, brushed gold, patina / old gold, etc. etc. We will produce any size - according to the offer inquiry. As standard: 150 x 60 mm plate brushed steel - imitating stainless steel + gluing with acrylic glass
